Short Pitch:

A website to display all of James Nguyen's work and resume for the public to view.

Long Pitch:

The website that will showcase James's work as a computer scientist. Codes that James have written will also be displayed to show how efficient he is with his code. The website will help people such as employers to connect to James and to be able to reach out to James for future internship/employment opportunities.

Personas:

Jack the coder: Has general interest in coding/programming.

Lily: C++ specialized programmer looking for interns.

Katie: Government employer looking for future employment.
